## NEW SEASON OF ENTERTAINMENT IS ON YOUR DOORSTEP

**Norbreck Bowling and Tennis Club turns 87 this October.** Built for local residents in 1931 and still managed through a Committee of volunteers, this hidden gem is as relevant for the community today as it was then. And with its new line-up of entertainment launching this September, it's fair to say this is one 87 year old venue that's still rocking it too!

Attracting members of all ages, the main club house and social hub is full of charm and an immediate warmth that leaves members and visitors feeling right at home from the moment they step inside.

It's hard to say exactly how many lives the sports and social club has touched over the years, but its mission remains the same - to provide a place for individuals and families to come together and for the sense of belonging and community to thrive.

**Sylvia Johnson, the Club's new President** explains the secret of the Norbreck Club's success: "It's sad but true, pubs are closing daily all over the country which really shows how lifestyles have changed. However we believe that what keeps us firmly on the ground is the fact that people need people. Members know they can walk in to a welcoming atmosphere with people and families to socialise with."

As well as a new What's On Calendar for Autumn/Winter 2018 which features some of the best local bands, a comedy night, family fun nights and

more (see overleaf), the Club has also recently launched a new Social Membership for age 18+.

**Sylvia added:** "It's our job to ensure the Club is here for another 87 years. We hope that by keeping the programme and memberships attractive we'll retain the support of our members and welcome more new members who'll continue to enjoy the facilities for years to come."
